CHARLESTOWN, Nov 1.

On Thursday last, being the Birth day of our most gracious Sovereign, King GEORGE the Second, the Honourable Thomas Broughton Esq; our Lieutenant Governor and Gentlemen of his Majesty's Council met at the Council-Chamber about noon, with several of His Majesty's Officers, Merchants, and other Gentlemen of Distinction in this Province, and proceeded from thence in a solemn Procession to the Fort, where they drank His Majesty's Health under the Discharge of the Cannon. At Night the Windows were illuminated and the Evening concluded with other publick Demonstrations of Loyalty and Joy.

By

By the Honourable THOMAS BROUGHTON Esq;
Lieutenant-Governor and Commander in Chief in and over His
Majesty's Province of South Carolina.

A PROCLAMATION.

WHEREAS I have received Information, that several of the *Switzers*, settled at *Orangeburg* in the Province aforesaid, have deserted the said Township, and others of them ready to follow their Example: AND whereas the Publick of this Province hath been at great Charge and Expence in fixing and settling them, and furnishing Provisions and other Necessaries which they stood in need of.

I have therefore thought fit by and with the Advice and Content of His Majesty's honourable Council, to issue this my Proclamation, to give Notice to those of the said *Switzers* who have actually left the said Township, that unless they return to their Settlements, the Commissary shall have orders to sue them for the Charges and Expences the Publick has been at on their Account: And that those who are in the said Township, may be deterr'd from following their Example, Notice is hereby given, that in case they leave their respective Settlements in the said Township, they will in like manner be sued by the said Commissary.

And all the Inhabitants of the Province are directed not to give any Encouragement to the said *Switzers* in deserting the said Township, as being extremely prejudicial to the publick Welfare.

Given under my Hand and the Great Seal of His Majesty's said Province, at the Council-Chamber in Charles Town the 8th Day of November, in the Ninth Year of His Majesty's Reign, Annoque Domini 1735.

GOD SAVE THE KING

THOMAS BROUGHTON.

By His Honour's Command,
James Michie, Dep. Secretary.

CHARLES-TOWN, Nov 8.

The People mentioned in the above Proclamation, act in a very ungrateful Manner: For the intent of fixing them in the Townships was as well for their Service and Advantage as for the strengthening the Frontiers of the Province; 'tis for these Ends that the Province hath been at the Expence of providing them with a Year's Provision, Tools and other Necessaries, for their better Subsistence, till they could be able by their Industry and Labour in the Townships to support themselves. 'Tis therefore hop'd that no Person who has the Welfare of the Province at heart, will give any encouragement to these Persons deserting the Townships.

The Inhabitants of this Town increasing every Day, the two Companies of Foot have been lately divided into four, whereof Capt. Adam Beauchamp has the first, Mr. Joseph Massy was appointed Captain of the second, Mr. William Pinckney Captain of the third, and Mr. Childermas Croft Captain of the fourth Company. The said four Companies pass'd Muster on Tuesday last, when the new Captains at the head of their respective Companies read their Commissions, and concluded the Day in regaling and Merriment.

Last Thursday Mr. ISAAC CHANDON, a very worthy eminent Merchant of this Town, was married to Miss MARY WOODWARD of *James's Island*, a young Lady of conspicuous Merit and a large Fortune.

Mr. John Johnson, Searcher to his Majesty's Custom-house in this Place, has received a new Commission as Clerk of the Market, in the room of Mr. Beswyk deceased, and it is hoped that by a strict Observation of his Duty in this Office many Irregularities in the Market will be prevented, to the Satisfaction of the Inhabitants of this Town.

Hoston, Apr. 29. On the 26th Instant arrived here Capt. John Smart, Master of the Ship *Ogle*, from *Antigua*, with 52 Spaniards on board, which he had with great Risque, Humanity and Resolution taken out of a Ship in Distress at Sea, in his Passage hither, when he had only 11 Hands on board, including two Gentlemen Passengers. The following Account of this Misfortune in Substance

we have from Capt. *Tho: Carr* late Master of the Pink named *Jesus-Maria-Joseph*, of *Teneriff*, That the said Pink was of the Burthen of 150 Tons, and Man'd with 42 Men, 12 Guns mounted, that on the 3d Instant, N S. he left the *Havanna*, bound for *Santa Cruz*, with a Lading of Sugar, Tobacco, Hydes, and some Money; that on the 15th or 16th Current, in Lat. of 33 d. 6 m. by a Violent Sea the Pink's Rudder was beat off, her Foremast and Bowspit carried away, the Carpenter and one Man lost, and she lying under Water obliged the Company to cut the other Masts to right her; that by the Force of the Sea one Anchor lying on the Bow was broken and the other twisted; and for 4 Days lay in this Wreck'd and Perishing Condition, driving to and fro with little hope of saving their Lives. But on the 18th Current about 10 o'Clock in the Morning, a Vessel was esp'y'd about two or three Leagues distant, to which they fired 5 Guns as a signal of Distress, before they were sensible of being observed. Capt. *Smart*, Master of the Ship *Ogle* at last discovering a Sail in Distress bore down to 'em. Capt. *Carr* desired to be sent for aboard, that he might make known his Misfortune. After he was got on board, he offered Capt. *Smart* any reasonable Satisfaction to tow said Pink into any Port or Place they could first make, which Capt. *Smart* thought impracticable, and said the most he could do was to save their Lives, then Capt. *Carr* desired Capt. *Smart's* Carpenter might go on board his Vessel to view and examine her, being desirous not to leave her if there was any probability of saving her: Accordingly the Carpenter went, and made Report it was not possible to recover her, which Capt. *Carr's* Crew was appriz'd of, therefore was desirous to proceed to *New England*; whereupon Capt. *Smart* took their Provisions and all the Crew on board, to the number of 52, including the Secular Priest or Chaplain, and Passengers (after having secured their Fire Arms) and saved nothing of their Cargo but a Chest of Silver, the Quantity at present uncertain. After they had bore away from her about an Hour, they saw a great Smoak, and as Night came on, perceived her a Fire.
